

Workshops for Kindergarten

Tuesday 26 September

How to catch a Monster

Have you ever wanted to catch your very own monster? First you will need to invent your own furry, funny, crazy critter. Next you will need to develop a plan in order to build a trap. Once you have built your trap you will then need to decide on the best way to entice them into your snare. Once you have them safely secured, what will you feed them? How much water will they drink? Is it even SAFE to give them water?

Wednesday 27 September

Dr B Ologist: What Happens to my food?

Chew, chew, down the tube... Where to then? Explore the human body and its amazing digestive system. Travel down the oesophagus, into the stomach, onto the intestines and then out again. Not only is the journey full of ups and downs, twists and turns, but an awful lot happens to your food to make sure that your body is kept well-fuelled.

Thursday 28 September

A Day in Wonderland

Jam tarts, costumes made of hearts! Silly rhymes all day, a game of croquet! Mad hats, disappearing cats! A cup of tea, you and me! Dressed-up ready to play, we'll make a costume and wear it all day! Come along and get truly, madly and outrageously lost Wonderland.

Workshops for Kindergarten

Friday 29 September

Professor Makin a Mess – Food

Professor Makin A. Mess has a flat cake, a terrible tasting apple crumble and a custard dessert that looks like... well it looks like...vomit! Help Ican by discovering the chemistry behind science; how cakes rise, why food can curdle and what happens when the wrong ingredients go into an apple crumble. Learn about the functions of everyday ingredients in this hands-on, exciting workshop!

Tuesday 3 October

Collages and Collographs

Design your print block, collect your materials (wool, leaves, sticks, fabrics, buttons...the list is endless) and get gluing. Once your design is set, you will use your print block to produce bright and vibrant original art works to take home and hang on the wall.

Wednesday 4 October

Old Mother Hubbard

Old Mother Hubbard went to the cupboard to give the poor dog a bone: when she came there, the cupboard was bare and so the poor dog had none. What would Old Mother Hubbard have found if her cupboard was full? In 1805 there might have been; freshly whipped butter, homemade bread, setting yoghurt or maybe even a cake. Explore the world before supermarkets while making your very own food from scratch – churn butter, make yoghurt, discover the secrets of yeast and of course make your very own delicious ice cream.

Thursday 5 October

Art E Mus: Cosmic

Mr Art E Mus loves turning the world around her into works of art. However, today she is heading out of this world and into space. Learn more about space than you thought possible as you head into the cosmos on this amazing adventure where you will make, create and construct all things cosmic with Ms Art E Mus.

Friday 6 October

Palaeontology Pete: Fossils

Paleo Pete is back. This time he is getting hands on with fossils. Learn how fossils are formed, where the best places are to find them and try your hand at making your very own replica fossils.
